II. Mining and Reclamation

1. Was the mine active during the past year? Yes ☒ No ☐
2. If active, how much ore or mineral was mined? 5 tons

3. How much additional acreage was disturbed during the past year? None

4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.

Surface rock is picked up by hand and put on pallets
then loaded on truck with loader using
same road and work area. Road and work
area was established in 1993.

5. How much acreage was reclaimed during the past year? None

6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

At end of lease we will reclaim road and
work area that we have established to
what the law requires or what the state advises

7. What is the total disturbed acreage at years end? Same

8. Briefly summarize any mining and/or reclamation plans for the upcoming year.

No digging or underground mining planned at
this time. Same road and work areas
already established.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. Additional Information

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
